January 8, 1992

To Whom It May Concern,

It is a pleasure to write this letter of recommendation for Kathy Henderson.

Mrs. Henderson has had extensive experience in writing, she has authorized a number of childrens books and books on writing.

From this background, she was able to take our materials and ideas and organize them in a refreshing new light to the people of our district.

For last year theme, it was her idea to use a 1923 Yearbook and draw quotes from it, and contrast them to todays world.

Please feel free to call me if you wish.

Respectfully,

Mark S. Hund, Principal

MSH/jm
